- Responsible for cleaning data, analyzing data, and providing insights based on my analysis

Economic Research Laboratory

November 2014 - May 2017

Research Assistant

College Station, TX

- Performed research under Dr. Catherine Eckel in the ERL, a laboratory focused on studying human economic behavior
- Led and supported proctoring of experimental sessions for Dr. Eckel and her graduate students
- Conducted analysis on data accumulated during experimental sessions
- Managed the labs bookkeeping and online database of human subjects

Council of Economic Advisers

January 2016 - May 2016

Intern

Washington, D.C.

- Served as a member of the Macroeconomic team and contributed to research involving the discrepancies of expected and actual inflation
- Compiled and reviewed economic memoranda for the Presidents policy initiatives
- Edited and assisted in the writing of the Economic Report of the President

Texas A&M Department of Economics

June 2014 - October 2014

Advising Assistant

College Station, TX

- Worked with Departments academic advisors assisting incoming freshmen with their academic plans
- Developed graphic design materials for recruiting high school, undergraduate, and graduate students
- Constructed an interim website for the Department during a full redesign of the official website

Kumon

May 2013 - July 2013

Tutor

Sugar Land, TX

- Instructed students in Kumons math curriculum for ages 3-18, up to and including calculus
- Graded students work upon completion

ACTIVITIES

Aggies for Christ

Member

August 2012 - May 2017

College Station, TX

- Led multiple weekend service trips to communities, including a project where AFCers built a ramp for a physically disabled lady's house
- Coordinated and planned AFC's week-long Freshmen Orientation, held at a camp
- Three-year leader of a group of fourteen college students who renovated and refurbished the Sunny Glen Children's Home in San Benito, Texas; spent time fellowshiping with the kids on campus as well
- Traveled to Piura, Peru to help plant mango trees for farmers in the area, and built water filters for families in the community

Aggies Selflessly Serving in Shaping Tomorrow (ASSIST)

August 2012 - May 2014

Mentor

College Station, TX

- Guided 8 freshmen in the committee "Community", which was tasked with serving the Bryan/College Station area
- Led and spoke at weekly organization meetings
- Planned the "Big 'Ol Project", a service project that worked with the Catholic Charities of Houston to repaint and clean the grounds of homes of underprivileged families.

RESEARCH

Independent Undergraduate Research

May 2016 - December 2017

Advised by Dr. Jonathan Meer

- Attempting to observe the long-run effects of particular demographic factors on initially low-wage workers
- Analysis focuses on socio-demographic issues instead of the typical administrative microdata analysis
- Data comes from the Survey of Income Program Participation

Independent Undergraduate Research

May 2016 - December 2017

Advised by Dr. Jonathan Meer, Dr. Jeffrey Clemens, and Dr. Lisa Kahn

- Questioning whether firms raise their education, experience, or skill requirements in response to minimum wage increases
- Data acquired from Burning Glass Technologies

Independent Undergraduate Research

May 2016 - May 2017

Advised by Dr. Jonathan Meer and Dr. Jeffrey Clemens

- Investigating the relationship between incarceration and changes in the minimum wage by state
- Incarceration data comes from the National Prisoner Statistics; minimum wage data developed by Dr. Meer and myself

Economics Undergraduate Research Opportunities Program

May 2015 - May 2016

Researcher

- Student researcher advised by Dr. Catherine Eckel during the 2015-2016 academic year
- Designed and ran an experiment on the effect of mandated volunteering on intrinsic motivation
- Wrote an honors undergraduate thesis and presented findings at two undergraduate conferences

TECHNICAL STRENGTHS

Computer Languages

Python, Git, Stata, R, ArcGIS, RSpatial, HTML, Markdown
